## THE PROJECT

The continued, safe use of a historical, center of the community icon is at stake! Lobb Field, dedicated in May 2nd, 1971 by the people of Glendora in memory of John F. Lobb, is in a state of disrepair! Visual aesthetics, safety, and community pride are at stake!

## HELP RESTORE A GEM FROM A DIAMOND IN THE ROUGH

Since its dedication, Lobb Field has given happiness to many. Lobb Field is in a sad and depressed condition. It's time to give back!

## WHAT THE PROJECT ENTAILS

We are replacing sagging and distorted chain-link and rotten, deformed timber and rubber matting.

All materials and labor are to be donated by appreciative citizens.
